Adelaide – Contaminated Site Assessment & Remediation Consultant

Senversa Pty Ltd is an Australian employee owned environmental consulting firm. Our team is committed to delivering high quality environmental advice to our clients and we provide a supportive environment for our staff. Our Adelaide office is growing and is working on existing high-profile projects. We are now seeking to add a high calibre experienced (2-7 years) environmental practitioner.

This role is suitable for industry leading candidates with exceptional skills in the following:

- Degree qualified in environmental or earth sciences or environmental engineering, or related disciplines.
- Extensive experience in soil and groundwater assessment, the development of conceptual site models.
- High level field management and/or project management capabilities.
- Strong written and verbal communication skills.
- Compliance with health, safety and environment policies, standards and procedures.

Applicants should also possess the following skills:

- Ability to develop and maintain strong working relationships with peers and clients.
- Proficient with Preliminary and Detailed Site Investigations, sampling techniques for soil, soil vapour and groundwater and various drilling methods.
- Technical specialty skills in one or more of the following areas: human health and/or ecological risk assessment, in-situ groundwater remediation, management of asbestos in soils, complex hydrogeological assessment, waste / landfill management and/or audit support.
- Strong understanding of National Environment Protection Measure and other legislation.

Applicants should also possess a current driver's licence.

The Senversa team prides itself on technical excellence and our senior staff are committed to coaching and mentoring staff in a dynamic, friendly, positive, respectful and constructive professional environment. If you are poised to take the next step in your career, please email your CV to careers@senversa.com.au with a covering letter outlining your experience and career goals.
