## Melbourne – Graduate Civil / Geotechnical Engineering Staff

Senversa Pty Ltd is an Australian employee owned environmental and engineering / geosciences consulting firm. Our team is committed to delivering high quality advice to our clients and we provide a supportive and collaborative environment for our staff. We now have multiple opportunities for Graduate Civil or Geotechnical Engineers with our Waste and Engineering Group based in Melbourne. This role includes the following:

- Undertaking Construction Quality Assurance programs for landfill infrastructure projects.
- Assisting in liaison with Clients and Contractors during projects.
- Assisting with the preparation of detailed design projects including the preparation of Technical Specifications, Construction Quality Assurance Plans, construction drawings and Design Reports.
- Planning and supervision of geotechnical investigation drilling programs.
- Managing laboratory and field testing programs.
- Assisting with the preparation of project related correspondence.
- Providing assistance/support in the management of projects.

This role is suitable for industry leading candidates with exceptional skills in the following:

- Full Victorian Driver's Licence
- Degree qualified in civil, geotechnical or related ground/environmental engineering disciplines.
- Excellent verbal and written communications skills.
- Developing project management capabilities.
- Previous experience using MS Office, AutoCAD/Civil 3D, HELP and/or SLOPE/W will be viewed favourably.

The Senversa team prides itself on technical excellence and our senior staff are committed to coaching and mentoring staff in a dynamic, friendly, positive, respectful and constructive professional environment.

If you are poised to take the next step in your career, please email your CV to [careers@senversa.com.au](mailto:careers@senversa.com.au) with a covering letter outlining your experience and career goals.

Our flexible business structure means candidates outside of these ideal experience ranges will also be considered. Applications close 30 November 2018.
