## Senior Civil / Geotechnical Engineer Melbourne, Australia

Senversa Pty Ltd is an Australian employee owned environmental consulting firm. Our team is committed to delivering high quality environmental and engineering advice to our clients and we provide a supportive environment for our staff. We are now seeking a senior civil or geotechnical engineer with experience in landfill engineering and solid waste encapsulation to be a key member of our waste and engineering team. This role will be based in our office in Melbourne, Australia.

The Senversa team is a market leader in Australian solid waste management and contaminated land consulting. We are an employee-owned firm providing quality consulting services from offices in four Australian states. We employ close to 100 specialist engineers and scientists nationally, led by principal and senior staff that are committed to coaching and mentoring staff in a dynamic environment. In this role, you will have the opportunity to lead, grow and play a key role in our engineering practice. Key attributes to be successful in the role include:

- Qualifications in civil or geotechnical engineering.
- Significant expertise in landfill and waste facility design, construction and performance, gained from practicing as a geotechnical / civil engineering consultant.
- Significant expertise in landfill and waste facility design, construction and performance / risk review would be desirable.
- Experience in project management and deliverables/risk review of landfill design and construction projects.
- AutoCAD / Civil 3D experience preferred.
- The ability to develop and maintain high technical standards and quality.
- The ability to successfully manage, train and develop quality engineering professionals.
- A strong desire to be successful in a supportive and rapidly evolving business.

This is an exciting opportunity for the right candidate to make a significant contribution to our business. If you are interested in joining our team, please email your CV to [careers@senversa.com.au](mailto:careers@senversa.com.au) with a letter outlining your experience.
