

Start your career with Senversa

Senversa Pty Ltd is an Australian employee-owned national firm. We have opportunities for graduates commencing late 2021, early 2022. Including science and engineering graduates in our:

- Contaminated Land groups in Melbourne, Sydney, Adelaide and Perth
- Geotechnical and Waste engineering
- Environmental Management and Impact Assessment groups in Melbourne.

Roles are suitable for candidates who possess:

- Bachelor Degree or higher in Earth, Environmental Science, Chemical or Environmental Engineering, Civil Engineering or equivalent relevant degrees.
- Experience in environmental / engineering consulting and field works (advantageous).
- Strong written, IT, reporting and verbal communication skills.
- Pro-active, self-motivated and problem solving attitude.
- Compliance with health, safety and environment policies, standards and procedures.
- Willingness to travel.

OUR COMMITMENT TO YOU

The Senversa team prides itself on technical excellence and our senior staff (including auditors) is committed to coaching and mentoring staff in a dynamic, friendly, positive, respectful and constructive professional environment. The role provides great opportunities to work closely with industry leading Principals and technical experts that includes 30 Environmental Auditors, Certified Practitioners and Chartered Engineers nationally.

In addition to an inclusive, fast paced working environment focused on development, you will be part of a team that actively prides itself on technical excellence and our senior staff are committed to coaching and mentoring staff in a dynamic, friendly, positive, respectful and constructive professional environment.

YOUR NEXT STEP

If you are poised to take the next step in your career, please email your CV to careers@senversa.com.au with a covering letter outlining your experience and career goals.
